

50 TRAINING RESOURCES

A message from Lisa

The wonderful and late Rick Clendenen, once stated that reading 50 books on any subject is the equivalent of getting a bachelor's degree.

I wanted to learn all I could about helping people to be set free. I have read books, attended seminars, watched videos, and prayed with a lot of people.

I kept a record of all of the hundreds of resources and graded them 1-5. Listed on the attached sheets are the resources graded with a 5!

I highly recommend the contents for anyone wanting to equip themselves for ministry. Not all of the books are on deliverance; some are listed to help maintain balance and equip the minister for warfare.
